## **Our Dynamic 46<sup>th</sup> Season**

### **A Message from our Artistic Director, Paul McCulloch**

This year I am excited and proud to announce the addition of two new programs to the existing HPYO roster of music making.

Chamber music has always been a passion of mine and this year we are introducing an opportunity to work in smaller groups with HPO coaches on the masterworks of the chamber music repertoire.

Chamber music is a brilliant way to experience music making and will teach lessons that will last a lifetime.

I am also very excited to welcome **Tim White** to the position of **Director of the HPYO Wind Ensemble**. Tim brings a wealth of experience and talent to his role and this will give our wind, brass and percussion players a chance to explore the rich tradition of symphonic band repertoire.

All this, along with the orchestral masterworks and popular hits planned for this season, ensures every member of the HPYO of having an exceptional musical experience this year.

**Let the music begin!**

## Seeds of Genius

We will start with a capricious take on the Iberian Peninsula to sow the *Seeds of Genius*.

This will be followed with a brilliant showpiece for Clarinet and Orchestra.

We will finish with the Beethoven Symphony that breaks through the classical period and heralds the beginning of the Romantic period....

Beethoven's Symphony #4

## An Evening of Serenades

The serenade is one of the most intimate and expressive forms in music. The HPYO will peruse the repertoire from the early baroque to the present day, in ensembles ranging from string quartet to brass quintet and all the combinations in between.

Join us for our **Dinner & Auction and a Concert** showcasing the talents and diligence of the members of the HPYO ensemble program and help the HPYO achieve its goal of being the foremost student based symphonic program in the region.

## Nordic Landscape

Sibelius' glistening Symphony #2 will be the highlight of a tour of the fjords and peaks of the Scandinavian landscape on our closing concert.

**Bring the whole family** to see what Hamilton and surrounding area's youth can accomplish with such demanding repertoire and compare it to the Hamilton Philharmonic Orchestra's. You will be amazed at the future of music here in Hamilton.
